

# Help Your Neighbors Stay Safe

## Participate in a Communitywide Mask Project

**DHC**

DuPage Health Coalition

We asked our patients if they needed face masks and in just 24 hours more than 2,500 masks were requested for both adults and children!

This project will help us to gather cloth masks that we can offer to local families & nonprofits like ours.

## Want to help?

Purchase or make mask for someone in need

Request masks for yourself or your agency

Spread the word! Tell your friends and family!
